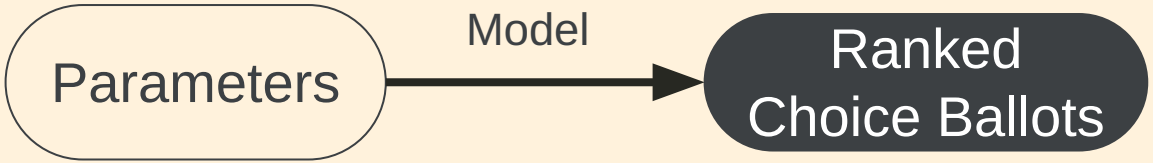
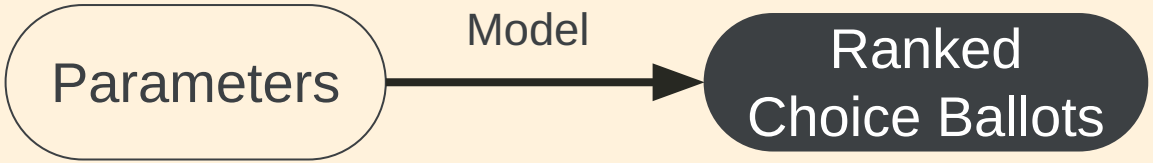
Generative Ballot Models



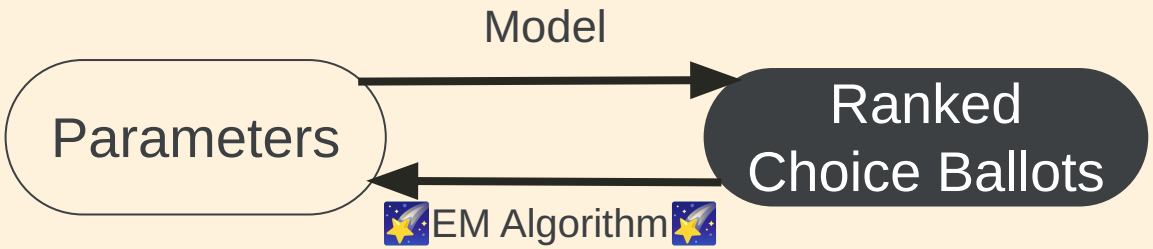
Generative Ballot Models



Parameters describe

- Field of candidates
- Voter behavior

Generative Ballot Models

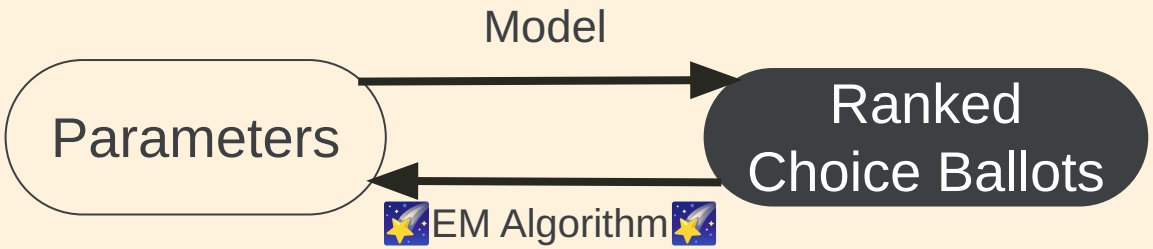


Parameters describe

- Field of candidates
- Voter behavior

Method: **Expectation Maximization**

Generative Ballot Models



Parameters describe

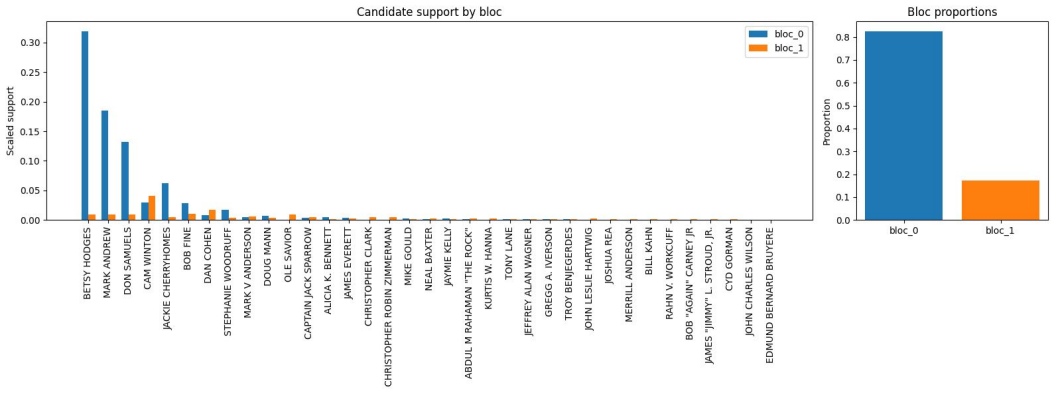
- Field of candidates
- Voter behavior

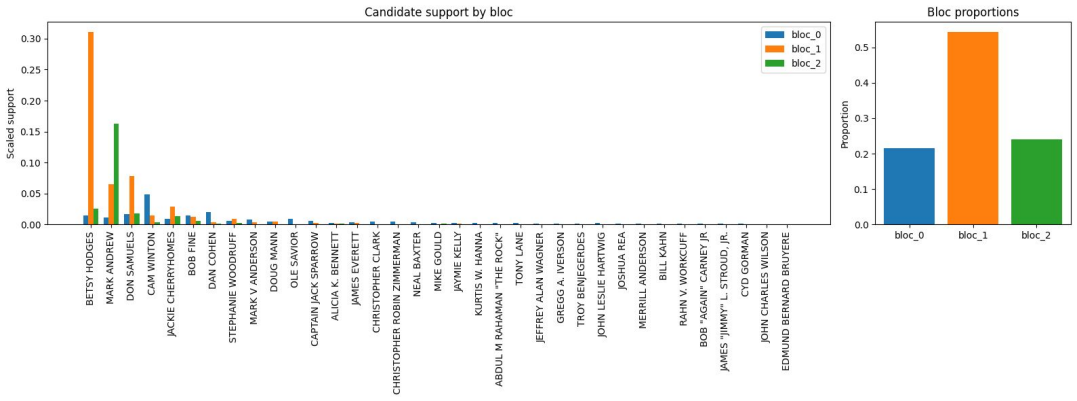
Method: **Expectation Maximization**

Why?

- Model validation
- Baseline parameters

One Model: Name-Plackett-Luce





2013 Minneapolis Mayoral Election

Learned voter blocs and candidate utilities for each one.
